PROFILE

Final year Computer Science student with hands-on experience in Developer and Automated Tester. My goal is to join a company where I can utilize my skills and gain further experience enhancing the company's productivity and reputation.

SKILLS

- **Programming Language** : C and Java
- **Soft Skills** : Team work, Problem-solving
- **Area of Interest** : Automated Testing and Frontend Development
- **Developer Tools** : VS code , Eclipse, Antigravity

INTERNSHIP

- **IPCSGlobal** –Web Development Course.
- **LiTZTech** –Web Development.
- **STACKQUEUE** – Frontend Technologies.

PROJECTS

SAFework – WOMEN SAFETY & POSH PLATFORM:

Worked on developing a safety-focused web application with SOS alert and complaint management features. Implemented emergency triggers with live location sharing, audio/video evidence recording, and email alert system. Contributed to frontend UI and backend integration using HTML, CSS, JavaScript, Node.js, and MongoDB.

SMART – REAL TIME BUS MONITORING SYSTEM :

Developing an IOT-driven tracking System to provide real-time GPS Location and accurate arrival predictions for Public transit. Currently Building the backend infrastructure and mobile Interface to enable live data streaming between vehicles and Commuters.

TELE DOCTOR LIVE :

Developed on Platform “Tele Doctor Live” that allows patients to connect with doctors remotely and book appointments for medical consultation.

CERTIFICATION

- UI and UX design
- ORACLE database

PARTICIPATION

- Codeathon
- MSME Hackathon

EDUCATION

Knowledge Institute of Technology, Salem

(2024-2027)

B.E – Computer Science and Engineering | CGPA: 7.5% |

Vani Vidyalaya Matric Higher Secondary School
